All ages are calculated at 1st January 2018

There must be at least 5 entries for a National Championship race to take place. Hody K2 classes are not National Championship races but the same quorum rules will apply.

Where a race is inquorate, the paddler may transfer to another class for which they are eligible [see rule 43a]. If the paddler does not wish to

race, they are entitled to an entry fee refund if the organiser is notified within 1 hour of the planned class start time.

PADDLER ELIGIBILITY Paddlers may compete in races specified for those of a higher ranking but will not be allowed to compete in races specified for those of a lower ranking. (E.g. an Under 18 may race as an Under 23 or Senior but not as an Under 16 or Over 34).

Senior and Veteran Women paddlers may compete in a doubles crew in Senior and Veteran Men kayak races of the same or higher ranking.

AFFILIATION All paddlers must prove current comprehensive BCU/SCA/WCA/CANI with membership or youth membership of an affiliated club.

All competitors must be valid members on race day.

Proof needs to be confirmed by Team Leaders before sending entries to the race organiser through HRM or with copy of membership card.

Individual entries should send a copy of their membership with their entry form and payment.

New memberships or those expiring between entry and race day must bring proof of valid membership to the event, otherwise the competitor will not be allowed to race.

A competitor who has not raced before may buy an Event Ticket, but only one Event Ticket per season.

A competitor claiming to have membership but unable to provide evidence may also purchase an Event Ticket.

OVERSEAS PADDLERS Entries are welcome from overseas paddlers who are members of their own ICF affiliated federation.

NATIONAL CHAMPIONSHIP TITLE ELIGIBILITY An athlete must either be a British Citizen and a current member of British Canoeing; or have been both a resident in the United Kingdom and a member of British Canoeing for at least two years. Please look at page F13 in the Racing Handbook for clarification. [Racing Handbook](#).

SELECTION RACES As part of the ongoing assessment series of races that have taken place during 2018, the following National Championship races will be used to assess paddlers for selection for the World Championships in Prado Vila Verde, Portugal.

Senior Men K1
Senior Women K1
Under 23 Men K1
Under 23 Women K1
Under 18 Men K1

Senior Men K2
Senior Women K2
Under 18 Men K2
Under 18 Women K2

Under 18 Women K1

In addition, Under 18 and Under 16 Classes will be used to select paddles for the Junior Development trip to the French National Championships.

If an Under 23 wishes to be assessed on their performance at the Nationals for the Senior team, they will have to enter the Senior race. If they wish to be assessed for the Under 23 team then they should race in the Under 23 race. This will also enable them to compete for the Under 23 National Championship title.

In the interests of clarity, if an Under 23 chooses to race in the Senior category they will still be considered for Under 23 selection based on their performance in the Senior race along with their performance throughout the season.

All Junior kayak paddlers seeking selection for the World Championships should enter the appropriate Under 18 Men or Under 18 Women race. Under 16s wishing to be considered for World Championship selection should race in the Under 18 classes or rely on their performances earlier in the season. Performance in Under 16 classes at the National Championships will only be considered for the Junior Development trips.

All canoe paddlers seeking selection for the World Championships should enter the appropriate Senior Women kayak or Under 18 Women kayak race.

As always, the process of assessment is continuous throughout the year and the final selection will be made to achieve the best possible team, taking into account all performances.

All paddlers are reminded that a Marathon Racing Online Availability Form must have been completed and submitted for consideration for selection.

RACING RULES

The Marathon Nationals is a GROUP A Divisional race and therefore all of Part A rules 1-18 and rules 42-48 in the [Canoe Sprint & Marathon Handbook](#) apply.

CLUB VESTS

Paddlers must race in their club vest to be eligible for points and trophies.

PROMOTIONS/ DEMOTIONS

The British Canoeing Marathon Committee reserves the right under [rules 32-33](#) to promote or demote on the basis of the results at this event.

BOAT NUMBERS

Team leaders will be given a pack of pre-numbered vertical plates for all boats. Paddlers must only use these number boards.

Number boards must be returned after the race, paddler food will be issued once the number board has been returned.

DISPOSABLE DRINK SYSTEMS

All paddlers using disposable drinks systems are required to mark them with their boat number. Paddlers will not be allowed to proceed through boat control with un-numbered bags and un-numbered bags will not be allowed in the feeding lane at the portage. Paddlers found with un-numbered bags at any time on the water will be asked to leave the course.

During the course of the competition, any items discarded by a competitor anywhere other than in a proper bin must be recovered by the athlete, their support crew or coach immediately. It is the athlete's responsibility to ensure that this has happened.

An event official witnessing non-compliance with this rule shall report the infringement to the race organiser and the offending competitor will be disqualified from the competition.

Any repeat infringements by the same competitor shall be subject to disciplinary proceedings by the Marathon Racing Committee.

BUOYANCY AIDS

Buoyancy aids are compulsory for all Under 10 and Under 12 paddlers and those ranked in Division 7, 8 and 9 irrespective of the race they are entered in.

This applies in singles and doubles races. Team leaders should decide if other paddlers should wear a buoyancy aid according to prevailing conditions. Buoyancy aids must comply with either the European Standard 'EN393 or 395 or the International Standard 'ISO 12402'. RCC Race organisers may require life jackets or buoyancy aids and spray covers to be worn and will have the final say as to who should wear them (except where this is covered by rule 5a(v)) depending on weather and water conditions. Such equipment must be provided by the competitors. The penalty for infringing any safety rule is disqualification from the race.

BOAT CHECKING

All paddlers and boats must go through boat control before racing.

All boats must display the correct race number.

All boats must have sufficient buoyancy to remain afloat and to support the crew in rough water in the event of capsize. No boat will be deemed to be sufficiently buoyant purely as a result of its construction (e.g. vac bagged/sandwich or other construction) to fulfil this requirement, additional fixed buoyancy will be required in the form of foam, air bags and/or sealed bulkheads.

Once boats have been checked they must all remain in the pre-race holding/launching area.

If you are taking part in the 'B' races, do not present your boat for checking before the 'A' races have started, 'C' races before 'B' race starts and so on.

Once a boat has passed through boat checking it will be assumed that the paddler starts their race. If a paddler does not then race it is their responsibility to notify race control.

Failure to notify control will result in your club incurring a penalty point. Failure to go through boat control will result in disqualification from the race.

RETIREMENTS

Please let race control know ASAP if you retire.

Failure to do so will delay results being processed and your club will incur a penalty point for any notification not received.

GENERAL SAFETY

Competitors must be able to swim adequately in the waters on which the race is being held.

All paddlers are required to render assistance to other competitors in distress.

PHOTOS & LIVE STREAMING

There will be photos taken throughout the weekend as well as live streaming of the races to Facebook and YouTube. By entering the race(s) you are giving your consent for videos and photos to be taken. Please contact us if you have any questions.

THE VENUE

DIRECTIONS

Once in Reading, follow signs to Caversham. Richfield Avenue is accessed from the roundabout immediately south of Caversham Bridge, adjacent to the Crowne Plaza Hotel. The race site is accessed via the public car park next to the Crowne Plaza Hotel on Richfield Avenue.

CAR PARKING

Car parking is available within the marked areas on the Thames Promenade (£3.00 per vehicle, per day).

The car park gate will be locked at 22:00 and there will be pedestrian access only after this time. The gate will re-open at 07:00.

If you require disabled parking please contact the organiser in advance to ensure that suitable space can be made available.

Note that there is no parking available at Reading Canoe Club, except for Team Leaders booking in on Friday evening.
